

SUNTORY

New Brindabella Branded Pots!

Love fragrant Brindabella roses? now you can promote them in attractive 3-gallon branded pots! The pots are available through Griffin. We've been pleased with our partnership with Griffin on the Senetti pots, so this was a natural direction to go. While Senetti pots are produced by Summit Plastic, Brindabella pots will be produced by sister company Nursery Supplies Inc.

Order in quantities of 2,272 pots to a pallet or stacks of 71 pots.
